EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with 3/10/05 on Mr Hanson.

The application has been amended as follows:

In the claims:

Claims 77-79 were cancelled.

The following is an examiner's statement of reasons for allowance:

AU 12453/28 discloses a fertilizer prepared from distillery waste, phosphatic material and sulfuric acid. There is no mention of malt extract or spent grain liquor as the starting material. As such, the reference neither anticipates nor renders obvious the instant claims.

AU 159/66 discloses a fertilizer prepared from spent liquors, particularly alcoholic fermentation spent liquor, but is silent about the use of pre-fermentation spent liquor, such as *spent grain liquor*, from the brewing process. As such, the reference neither anticipates nor renders obvious the instant claims.

Art Unit: 1761

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
